If you focus on the hurt, you will continue to suffer. If you focus on the lesson, you will continue to grow.

Just recently I have had several hard lessons, which have opened my heart and mind to improve myself so I can be a better version of myself. I do know we don't grow when things are easy. We grow when we face challenges and difficulties.

God, give me the patience to accept the things I cannot change, the courage to change the things I can, and the wisdom to know the difference.

My staff and I would like to wish our MWAD Families a very safe and Blessed Thanksgiving!

Much love,

Ms. Monique
